Important Recycling Notice

April 21, 2010

Dear Sea Girt Resident:

As of May 8, 2010, the Wall Township Recycling Center will handle all Sea Girt Borough "drop off center" recycling items as our current partnership with Spring Lake expires May 7th.

Spring Lake will no longer handle our recycling after May 6th.

Your current Sea Girt stickers are acceptable to gain access to the Wall Recycling Center. Please note, this sticker must be presented in order to be granted entry into the Wall yard.

Other changes to the 2010 Sanitation and Recycling Schedule taking effect are:

- A pilot program is being implemented during the months of May, June, July and August **whereby recyclables will be picked up in the backyard as opposed to curbside**. This program will include all recyclables that are presently collected curbside; that is, cans and bottles (commingles), newspapers and shredded paper, and corrugated cardboard.
- A third bulk clean-up day is being added. This new day will be Monday, July 12th.

On behalf of the Mayor and Council, I thank you in advance for your support. Please feel free to contact Kevin Thompson at 732-449-6463 if you have any questions.

Sincerely yours,

Al Bunting
