

**MINUTES - REGULAR MEETING
OCTOBER 26, 2016**

The Regular Meeting of the Borough of Sea Girt Council was called to order by Mayor F. Ken Farrell at 7:30 PM on Wednesday, October 26, 2016, at the Sea Girt Elementary School, Bell Place, Sea Girt. Mayor Farrell asked for a moment of silence and then led those in attendance in the Pledge of Allegiance. Mayor Farrell congratulated Council President Fetzer and his family on the birth of twin grandsons.

The Clerk read the Compliance Statement: this meeting is called pursuant to the provisions of the Open Public Meetings Act, Chapter 231, PL 1975, Section 5: adequate notice of this meeting has been given by posting the Notice on the Borough Bulletin Board and by transmitting the Notice to the Borough's two newspapers, *The Asbury Park Press* and *The Coast Star*, as required by law.

5. OPEN DISCUSSION

Mayor Farrell discussed last year's effort in the Legislature to extend the period of operation for the 8 seasonal ABC licenses in the State; at that time, the bill passed in both houses of the Legislature and was thankfully vetoed by Governor Christie. This year, there is a new bill proposed to extend these licenses, and there will be a vote on the bill tomorrow. He noted that none of the bill's sponsors, Thomas Giblin, Wayne D'Angelo, Joseph Egan, and Steve Sweeney live in this district, where the licenses are located. He noted that none of our legislators, Senator Singer or Assemblymen Kean or Rible, support the bill.

8. **ADMINISTRATOR REPORTS/DISCUSSION** – The Administrator reported as follows:

- A. **Best Practices Inventory, CY2016** - the Borough has submitted the completed Inventory by the October 21 due date as required by the DCA; further requirements include certification of the survey by the Administrator and CFO; the Clerk must attest to their certifications. The results must also be presented and discussed at a public meeting. The survey has been revised for 2016: there are 30 questions that must be answered and the municipality must receive positive credit on a minimum of 22 questions in order to avoid withholding of aid. Given the introduction of several new questions and the reduced overall number of questions, *the Division now reserves the right to determine state aid withholding percentages upon*

receiving all completed CY2016 Best Practices Inventories; *previously, the maximum amount of aid that could be withheld was 5% of the total allocated for the year.* The Borough's positive score is 29 out of 30, so we will receive 100% of our State Aid allocation for 2016. The Borough's Inventory has been certified by the Administrator and CFO and attested to by the Municipal Clerk.

- B. **Neptune and Seaside, Morven Infrastructure Improvement Project:** the section from First Avenue east to the Ocean was completed as of October 20; paving of base layer only between First and Second Avenues, respectively, was completed on October 21; the remainder of the road will be paved by Fernandes Construction during their project beginning on October 31.
- C. **Neptune and Seaside, Morven Improvement Project:** Contractor will begin with curb and apron replacements on October 31, weather permitting. Milling and paving will follow.
- D. **Dune Grass Planting Project, 2016:** scheduled for October 29, 2016 at 8:45 AM; meet at the Trenton Blvd. Gazebo; wear hard-soled shoes and hats; bring gloves. Contact Lynn Drury at drury7@verizon.net if you have any questions.
- E. **Baltimore Blvd. and Neptune Place Outfall Extension and Infrastructure Improvement Project** – with the overall completion of the project, the Borough anticipates permanently financing the NJEIT interim loan in the December financing pool if the DEP issues the reimbursement of \$1,477,590 within the time required, otherwise, the Borough will participate in the May 2017 financing pool. The Borough has already received the reimbursement from the County of \$470,674. Of the net project costs of \$1,469,162, the Borough is financing *\$1,090,962 (75%) in a Fund Loan at 0% interest and \$363,654 (25% of the total) in a Trust Loan at market rate (still to be determined);* \$14,546 represents the DEP fee. We are happy to report that the Borough is receiving *\$276,377 or 19% of the total, in principal forgiveness which will be applied to future payments.*
- F. **Election Day is Tuesday, November 8; polls are open from 6:00 AM to 8:00 PM**
- G. **Presentation - Carriage Way Rehabilitation Proposed Plan** by Borough Engineer Peter Avakian – the PowerPoint presentation is attached to these Minutes. Mayor Farrell introduced our Engineer, Peter Avakian, who is here to make the presentation on the project this evening. Mr. Avakian described the project as very similar in design to that which is proposed for The Terrace, which is why the matter was brought up this evening. The proposed improvements maintain the aesthetically pleasing characteristics of the unpaved road while keeping a stable, secure roadway surface on Carriage Way. He noted that reducing the speed of vehicles is critical to the long-term sustainability of the unpaved road surface. There is approximately 3,200 lf of curbing within the project, 1,600 lf on each side of the road. Cost estimated is \$250,000 excluding the use of Belgian block as the curbing material which is estimated to cost \$32,000.00 extra. This option will be an alternate in the bid specifications, as we proposed to do for The Terrace as Mr. Avakian feels the cost and functionality justifies the higher cost.

Councilperson Rotolo asked who is responsible for paying for the extension of driveways. Mr. Avakian responded that it is the homeowner per Borough Ordinance.

Mayor Farrell commented there has been an identified speeding problem evidenced by complaints that he has received and noted that there is the need to slow traffic down by reducing speed in order to enhance public safety. The Borough has started this process by reducing the speed limit on the road to 10 mph, and will be further accomplished by the proposed reconfiguration the road and the addition of traffic calming devices, such as rubber speed bumps that would be secured to the curbing, to the road.

Councilperson Rotolo asked if the intent is to re-route the road, why not utilize the western loop that will slow traffic down further. Mr. Avakian explained that in consultation with Chief Davenport, the utilization of the western loop of the road only will create blind spots for drivers and pedestrians; therefore, his suggestion is to reconfigure the entire area and remove the existing “island” completely.

Mayor Farrell opened the discussion to the public for comment on this topic:

The following persons addressed certain portions of the plan:

Mr. Kregg, Boston Blvd., noted that the elevations should be equivalent because it could be a conflict with Belgium block; Mr. Avakian responded that all this would be taken into consideration during the completion of the design specifications.

Mr. Petronko, Beacon Blvd., suggested using geotextile fabric; Mr. Avakian replied that it is very expensive and does not generally provide additional sustainability to the road surface in his experience.

Mr. Loughran, Ocean Avenue, concurred with the Mayor’s statement that there is a speeding problem on the road and noted that the Council must address it.

The following persons spoke in opposition to the plan, including the reconfiguration of the roadway:

Attorney Frederick Raffetto for Mr. & Mrs. Kaufman of Ocean Avenue;
Ms. Skidmore of Ocean Avenue.

- H. **Other:** A request has been made through Dr. Rotolo to consider a ban on commercial construction work on Saturday’s in the summer; per Borough Code 3-1.3 and 12.2: Section 3-1.3(4) No power equipment including but not limited to landscaping equipment (including lawn mowers, blowers, edger, clippers and saws) or construction equipment shall be operated in the Borough after the hour of 6:00 p.m. and before 8:00 a.m. on weekdays or after the hour of 5:00 p.m. or before 9:00 a.m. on Saturdays, Sundays or legal holidays.*

12-2.2 Additional Regulations.

- i. Construction is permitted only during the following times:
 - 1. Construction Hours Permitted.
 - Monday through Friday—8:00 a.m. to 6:00 p.m.
 - Saturday—9:00 a.m. to 5:00 p.m.

No commercial construction shall take place on Sundays or on the public holidays of New Year’s Day, Memorial Day, Independence Day, Labor Day, Thanksgiving, Christmas, but is permitted if done solely by the property owner and/or their immediate family.

2. Use of Power Tools. The use of power equipment or tools by commercial operators for constructions, repair or alteration of buildings, landscaping and lawn maintenance is prohibited, except during the following periods:

(a) Mondays through Fridays, (except on State of New Jersey legal holidays), between the hours of 8:00 a.m. and 6:00 p.m.

(b) On Saturdays between the hours of 9:00 a.m. and 5:00 p.m.

The provisions of this section shall not prohibit the above-described work when being performed by the property owner.

Councilperson Rotolo noted he feels it's a quality of life issue for residents who are only here during the summer. Commercial trucks also occupy a large amount of premium parking spots and we can reduce noise pollution between Memorial Day and Labor Day.

Councilperson Morris is concerned with those residents who are attempting to have their house built during prime season. Councilperson Rotolo replied it's a limited number of days per year; limited impact. Mayor Farrell agrees it is a quality of life issue; would like to also increase enforcement of Ordinances. Councilperson Foley suggested July 1 through Labor Day. Councilperson Mulroy agrees it is worth looking into alternatives but it's a good start. Councilperson Buonocore agrees with the ban. Councilperson Morris would like to hear feedback from residents and limiting their rights. Attorney Nick Montenegro asked if home owner is doing own work is an exception and Council replied yes. Mr. Montenegro will prepare an Ordinance for introduction at the next Council meeting.

9. **QPA REPORTS** (of activity since previous Council Meeting): None

10. **COUNCIL REPORTS**

Councilpersons Foley, Buonocore and Rotolo had no reports.

Councilperson Morris reported as follows: Sunday is Mischief Night and Monday is Halloween; please be aware of children trick or treating and use caution; Sunday is Governor's Review will be at NGTC causing extra traffic also.

Councilperson Mulroy reported as follows: Dune grass planting is Saturday at 8:45 am.

Mayor Farrell reported as follows: SMRSA – budget is up 4.5%; he noted that they had extraordinary expenses over the last several years, including rebuilding 4 pump stations since Hurricane Sandy; therefore, there is an increase in debt service; and costs to operate plant increase even in dry year. Sea Girt flows down 12% in 2016; estimated cost to the Borough is \$277,000 for 2017.

11. **Resolution No. 210-2016:** Payment of bills

BE IT RESOLVED, by the Borough Council of the Borough of Sea Girt that the bills be paid as appearing on the attached Bill List date October 21, 2016 in the totals as follows:

Crescent Park - Carriage Way Roadway Improvements

Road Condition In 2011 Prior to Construction

Existing Road Condition Today

Proposed Road Surface

2" Thick - 3/8" Clean Stone Wearing Surface
6" Thick Recycled Concrete Aggregate (RCA) Base Course

Roadway Cross Section Detail

SLOPED CONCRETE CURB

Not To Scale

SLOPED BELGIAN BLOCK CURB DETAIL

Not To Scale

Sloped Concrete Curb

- Cost of concrete curb is approximately \$10 per linear foot less than Belgian block curb.
- However, concrete curb is more susceptible to damage from plows and more costly to repair.
- Not visually appealing .

Sloped Concrete Curb

Sloped Belgian Block Curb

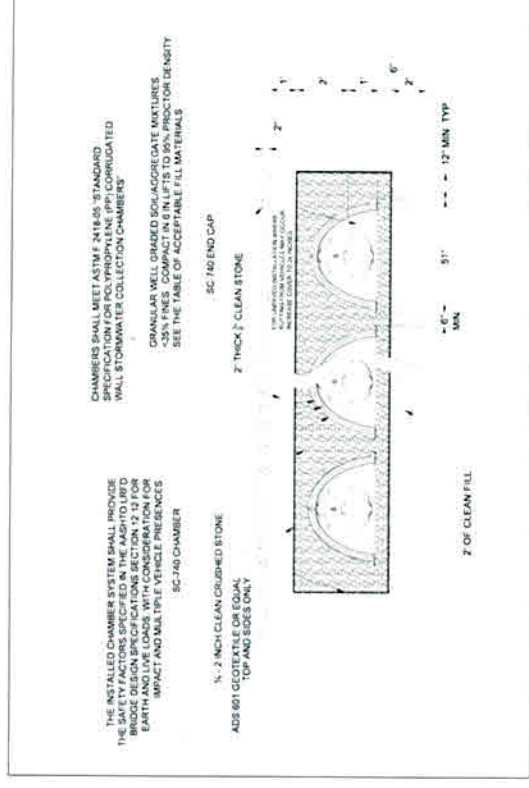

- Cost of Belgian block curb is approximately \$10 per linear foot more expensive than concrete curb.
- Although Belgian Block Curb is more resistant to cracking and chipping and can easily be replaced, block by block if damaged.
- More visually appealing than concrete curb.

With Stone Road Surface

Underground Recharge Basin

- Underground recharge basins will be installed to collect rainfall runoff from the roadway surface for recharge into the ground.
- Borings will be required to determine the permeability of the soil in order to design and size the recharge system.

Reconfiguration of Dual Roadway/Island

Existing Driveway Access to Carriage Way
